1 SPIDER BOARD INSTALL

1.1. Installing spider boards in BLU-Knight cabinets

To install the Spider board into the BLU-Knights Cabinet, position the spider board into the logic door area. Align the connectors on the left and slide the board all the way in.

1.2. Connecting cables

On the right side of the board, there is a legend of what the connectors are on the board.

Most of the cables are labelled so that they can be easily identified and placed into the proper socket.
