Max Credit must be set to \$2,000 or higher before changing limits below to \$2,000.

- Select **Min Progressive Lock**.
 - Set to \$2,000 for taxable limit update.

Note: Sets maximum value of a progressive jackpot the player can win before the gaming machine locks up until the attendant has issued a manual payment to the player.

- Select **Jackpot Limit**.
 - Set to \$2,000 for taxable limit update.

Note: Sets maximum win amount allowed before machine locks up.

- Select **Upper Jackpot Limit**
 - Set to \$2,000 for taxable limit update

Note: Sets maximum amount over which a win must be hand paid without any possibility to reset it to the credits.
